## No Spring? No Problem!

Thursday hosted our insightful No Spring? No Problem! Event, where our panelists discussed what they did to increase their chances to achieve a Summer internship, from qualifications to cold out reach. They reemphasised that not getting a Spring doesn't mean you won't get a Summer Internship, and that things like a strong CV and good interview skills are just as important as experience.

# Cartoon Circle 🍺

WES and PPE hosted an awesome circle on Wednesday in Fusion, where everyone was dressed up as Cartoon Characters!! From Ben 10, to the Power Puff Girls, everyone was dressed up in their best cartoon costume to avoid doing a circle punishment. (Though some couldn't avoid it because they were 'animation' 😞)

## TAKE ME OUT

Our Social FREP Alex volunteered (read: was forced) to go onto RAGS Take me out. Where she had to impress panelists, and maybe even find the love of her life. Did Alex Find Love? Of course she did, from a member of Warwick's own Sigma Society (I've heard they're still in contact 🥰). Tom unfortunately didn't, as he popped his balloon!!
